

The European Union, leading by example

European Green Deal

Fit for 55 package

Ambassador Dr Patricia Flor
EU Delegation to Japan

European Green Deal

- Europe will be the first carbon neutral continent by 2050
- The EU increased its net emission target by 2030 to -55%
- This target is legally binding - it is enshrined in the European Climate law
- The implementation of the -55% target will be achieved through the « **Fit for 55** » package, presented on July 14, 2021.

Fit for 55 package

- New target for renewable energy of 40 % by 2030
- Improvement of energy efficiency by 36-39%
- Energy efficiency of buildings
- CO2 emissions of cars and vans

EU - Japan Green Alliance

- Concluded in May 2021
- Reaping benefits of first movers together
- Inspiring and learning from each other
- Cooperation on climate, energy, environment, sustainable finance etc. policies
- Shows that EU and Japan are like-minded partners

Thank you
